POWER TO PERFORM

## HP SUPER DUTY BRAKE FLUID DOT 3

### DESCRIPTION

HP SUPER DUTY BRAKE FLUID DoT 3 is a superior quality synthetic fluid meant for the hydraulic brakes of automobiles.

Meets US Dept. of Transportation's stringent specification FMVSS 116 DoT 3. It also meets BIS : 8654 - 2001 (Type 1) & SAE J1703 F specifications.

Recommended for all automobiles having hydraulic brakes.

- Exceptional thermal stability
- Excellent chemical stability
- Good water tolerance
- Good fluidity at low temperatures

### PHYSICO-CHEMICAL PROPERTIES

Kinematic Viscosity,	
@ - 40 °C, cSt	1500 Max
@ 100°C, cSt	1.5 Min
Equilibrium Reflux B.P °C, Min	210
Wet E. Reflux B.P °C Min	140
pH	7.0 – 11.5
Colour	RED
